

# Take payments online

Reduce admin time and increase cash flow...

Pay+ is designed to provide schools with a convenient online alternative to manually processing payments and trip consent slips.

Schools can take payments for school lunches, trips, after school activities and clubs, school fund contributions, and even school products via their own school shop.

- Continuous cash flow
- Real-time school meal account balance information
- Monitor arrears and easily chase payments
- AutoText texting service included
- Range of reports available
- School level control
- Easy to use and fully supported
- Take secure payments via credit/debit card or Paypal
- Links with your MIS
- & much, much more

Take the hassle out of receiving payments. For more information please see our website or get in touch.
